

1025Connect is Long Island's premier network-neutral Carrier Hotel Meet Me Room (MMR) for network interconnection and colocation, located at 1025 Old Country Road, a 200,000 square foot building in Westbury, New York.

This facility is renowned for its ability to connect global subsea cable systems to terrestrial networks, provide the capability to bypass Manhattan for greater network diversity, and tailor colocation for enterprise to access cloud, voice, Internet, data, storage, back-up and other services.

1025Connect serves as host to the easternmost Internet peering point in the New York metro area, enabling easier access to hundreds of networks and cloud applications on the "Continental Edge,"

all without monthly recurring cross connect fees.
